October 1, 2026

Dear Customer,

The Topsham Sewer District Board of Trustees will hold a public hearing at 6:00pm on Wednesday, November 18, 2026 at our office located in the Bowdoin Mill building #1, suite 203 in Topsham.

The hearing is being held to allow for comments from the public on the proposed changes to the current sewer rates imposed by the district. The current rate structure funding is inadequate to pay for the costs of operations, maintenance, and treatment plant upgrades.

The district plans to increase the current sewer rate from \$78.00 to \$82.00 per 1,000 cu. ft. of water usage per quarter. A customer using the minimum usage would pay an additional \$16.00 per year. A customer using 8,000 cu. ft. per year would pay \$32.00 more per year.

At the conclusion of the hearing, the Board will consider this item for final authorization at its regularly scheduled meeting, starting immediately after the finish of the public hearing. The change, if approved will take place effective on January 1, 2027.

Written public comments will be considered until 4:00pm on Friday, November 13, 2026.
